## PROFILE

---

B.Tech (CSE) student skilled in web development using the MERN stack and backend API development. Proficient in C++ and OOPs concepts, with a passion for building efficient and scalable software solutions. Actively seeking opportunities in software development to contribute and grow professionally

## SKILLS

---

**Programming Languages:** — C++,Python(Basic), JavaScript

**Frontend Development** — HTML,CSS, Tailwind,ReactJS,EJS

**Backend Development** — NodeJS, ExpressJS, SQL, MongoDB, RESTful APIs

**Familier Tools** — Git, GitHub, VS Code

## PROJECTS

---

Thoughtify 

2024/07 – 2024/10

**Tech Stack:** MongoDB, Express.js, EJS, Node.js

- **Created a platform where users can share thoughts either publicly or privately without showing their identity.**
- **Developed a platform** where users can share thoughts publicly or privately without revealing their identity.
- **Frontend:** Designed a responsive and intuitive interface using **EJS, HTML, CSS, and JavaScript.**
- **Backend:** Built robust backend services using **Node.js** and **Express.js** for managing user actions, data storage, and authentication.
- **Database:** Integrated **MongoDB** for efficient storage and management of user-generated content.

Sanjeevani Clinic Website 

2024/01 – 2024

**Tech Stack:** FERN (Firebase, Express.js, React.js, Node.js)

- **Frontend Development:** Built a responsive UI using React, HTML, CSS, and JavaScript.
- **Database Integration:** Implemented Firebase Realtime Database and Firestore for data management.
- **Authentication:** Secured user data with Firebase Authentication.
- **Content Management:** Created an admin dashboard for easy content updates and patient record management.
- **Appointment Management:** Streamlined booking, rescheduling, and notifications via email/SMS.

## EDUCATION

---

**B. Tech CSE - Walchand Institute of Technology, Solapur**

2021 – 2025 | Solapur

CGPA - 8.86

## CERTIFICATES

---

Problem Solving(Basic)  • Frontend Developer(React)  • SQL  • Google Cloud Career Program 

## ACHIEVEMENTS

---

- **LeetCode**  : Solved over 210+ challenging DSA questions, enhancing algorithmic problem-solving capabilities.
- Awarded Flipkart vouchers worth ₹2000 as a prize in the Codeathon Coding Contest.(9th Rank).
